

Experience Service Notes

The “Experience” model is a bit different than a traditional church service. We believe that should have an experience with the Lord, with each other and we want to gain experience by living what we believe.

Listen: During the message listen for the Holy Spirit to speak to you about 1, 2, or 3 things and write them down. _____

Respond: After the message we will take 2-3 minutes of quiet time. During this time write down these 3 things:

- Why the things you wrote down are relevant to your life. _____

- Rate yourself from 1-10 on the above items. 1 being poor and 10 being excellent. _____

- What benefit is they in raising your score: _____

Share: Take turns sharing what you have written with your group. Sharing should only take 1-2 minutes.

Action: Do the following action steps:

- Write down 1 or 2 specific steps you can take this week to improve your rating: _____

- Write down your name, tear it off and trade it with someone. This is your prayer partner for the week. Pray for each other and next week discuss how your action steps went.
