2018 Experience Retreat

May 4-6, 2018 @ The Retreat at Center Hill Lake, Smithville, TN

We are super excited about the 2018 retreat. This year's theme is:

Experiencing God's Presence.

This year, we are adding lab style sessions. These will be interactive practice times based on the teachings. We are planning a walk through teaching of Solomon's Temple that will focus on how God designed us to function. Some of the focus topics include:

- **God's character and how to approach Him.**
- **Principles of physical healing, mental & emotional healing and spiritual healing.**
- **Transformation.**
- **Developing intimacy with God**
- **Ministering to others through the power and presence of God.**

The speakers list and additional topics can be found on the website.

The format will include worship, fellowship and personal ministry time. Consider bringing your spouse, friend or someone who needs a touch from the Lord.

Your registration includes lodging, meals and facility use. There are no additional charges and there is no need to communicate with the conference site. There will be an offering basket available during the Sunday morning service.

Bring your Bible, a notebook or laptop. Most of our time will be spent inside, but we do encourage prayer walks. The resort is on the side of a hill next to the lake so good shoes and casual dress are encouraged. If you have any special needs, please tell us in advance.

The number of rooms is limited by design and allows for relationship building, so register early. For more information visit the website www.NCCChurch.org or give us a call. **We always love chatting with you!**
